Food For Thought

The event time is a primary factor when selecting your party's menu.

For a two hour party, plan for 10-12 bites per person; or 20 bites per person if the hors d'oeuvres replace dinner (e.g., if the party starts at 7pm)

People eat more during the first 90 minutes. After two hours, appetites tend to pick up again.

What's Included?

Please note that all event prices vary based on your final menu selections and seasonal availability of ingredients.

These catering prices do not include event staff, taxes, 18% catering fee, or rentals (such as china, glassware, linens, etc).
